

Italian Recognition System of foreign professional qualifications

To get information about recognition of EU and non-EU professional qualifications and to enrol in our professional Register, you need connecting to the Ministero della Giustizia web site, www.giustizia.it. It is the competent authority which is answerable to some professional recognitions and has to check the authenticity and the type of qualifications.

Click on the sections:

- IL MINISTERO (on the screen left side);
- PROFESSIONI (in the middle-top);
- “Il riconoscimento dei titoli professionali conseguiti all'estero”.

or directly to the link: http://www.giustizia.it/professioni/info_gen_estero.htm

Following the “General information” shown on this page, it will be possible to find the area of your interest, and therefore which application form you must submit, that are:

- **Professional recognition of EU professional qualifications –**
About it there are two EU directives:
Council Directive 89/48EEC, about the higher-education diplomas recognition that are awarded after at least a three years time period;
Council Directive 92/51/EEC, about the professional and technical diplomas recognition that are awarded in a time of less than three years.
- **Professional recognition of non-EU professional qualifications-**
the Non-EU citizens who hold a non-EU professional qualification may ask for their qualifications recognition, as regards the Ministero della Giustizia competence, to be allowed to practise the corresponding profession in Italy.

A full and detailed space is destined to the different typologies description and, after you have detected yours, it will be possible filling in the concerning forms, by clicking on: **Moduli per il riconoscimento dei titoli professionali conseguiti all'estero.**
